ZOE TOKEN WHITEPAPER

INTRODUCTION:

ZOE TOKEN is a decentralized meme project built on the Binance Smart Chain (BSC). It aims to bring cryptocurrency to the mainstream OF COMMUNITY and to support humanity. It's also a native token in the ZOE DAO ecosystem, which brings a unique narrative to the crypto space. VALUES

TRANSPARENCY:

ZOE TOKEN is a decentralized and supported by its community of enthusiasts. We encourage open communication and belief trust, transparency, and community are the 3 pillars to building longevity.

COMMUNITY:

ZOE TOKEN is one of the fastest growing and most loved communities in crypto, we believe that only together we are strong. Community is everything and ZOE TOKEN strives to include everyone from around the globe. We have multiple telegram channels dedicated to our international communities.

TRUST:

In the cryptocurrency market, trust is paramount. That means full transparency not only in the community and development, but also in security wise. ZOE TOKEN has been audited by a third party ZBdessert finance and has burned and locked the majority of the LP tokens. No rug pulls here.

LONGEVITY:

ZOE TOKEN is in for the long haul. The decentralized community is fostering and adopting long term development of the ecosystem and foundation in efforts to drive real use cases

ECOSYSTEM:

ZOE TOKEN employs a 7% fee on transactions, with 5% going to the Liquidity pool to strengthen its reserves and 2% to the MW for aggressive marketing and partnership. It's a non deflectionary token. UTILITIES:
